

GLAZIERS HALL
CONFERENCE & EVENTS VENUE

Glaziers Hall's Green Conference Packages

We are committed to strive to be greener and look at all areas of our business where we can do so in order to reducing our carbon footprint and protecting the environment throughout everything we do and provide. We are currently going through an accreditation with [Green Tourism](#).

We have extended this ethos through to our conferences by way of offering a Green Package, perfect for organisations and organisers who are looking to make a difference.

What does the Green Conference Package include?

- Electronic, paper-free organisation of your event
- Fairtrade tea and coffee provided
- Locally sourced food for catering, reducing carbon emissions via food miles
- Stationery is provided on a side table rather than at each place setting, reducing waste
- Natural daylight in all of our facilities so as to reduce the amount of electricity used.
- Still and Sparkling water served in our own branded glass bottles, from our own still.

For every event booked, we'll also issue an electronic certificate to confirm you've used our Green Conference Package, and that your event was held in an environmentally friendly venue. This certificate can be used as evidence towards meeting your own green targets.

Other green benefits

As part of our green ethos, we also take the following measures which you can enjoy when you book an event at Glaziers Hall;

- Water is served at lunch, in in our own glass bottles, rather than plastic bottles.
- All paper left in our meeting rooms left for disposal is recycled.
- Our data projectors are set to eco mode, which uses 20% less energy
- Air conditioning and lighting can be controlled individually from each room
- We have sensors that automatically turn off the lighting and AC, when the rooms are vacant, or people stop moving!
- Reduce your carbon footprint by hiring our video and audio conference facilities to dial in long-distance delegates, so as to eliminate this travel.

What's more, we like to encourage greener travel, so we would recommend to all our visitor to use the train or tube, nearest tube is London Bridge Station, 2-minute walk. For more information regarding all types of transport please visit the transport for London website where they have details of Rail and Tube, River and Cycle Maps. <https://tfl.gov.uk/maps>
