GLAZIERS HALL
CONFERENCE & EVENTS VENUE

GLAZIERS HALL

Everything, and more...

Turning events into experiences with Glaziers Hall.

Trusted contacts

As an established events venue in London, we have a 'little black book' of contacts. These are the suppliers that we trust and rely on to help us to make sure every function we deliver is the very best that it can be.

This booklet will give you a flavour of the additional services and support that we offer alongside our trusted partners.

Whatever your requirements, we make it happen.

Mindfulness and wellbeing

Over recent years, we have seen how our clients are incorporating mindfulness and wellbeing into their events. Working alongside Be In Your Element, the team delivering bespoke well-being activities for corporate and individual events, we can provide packages that meet with the exacting needs of our customers.

Offering tailored holistic experiences, workshops and breakout sessions for live, virtual or hybrid events, Be In Your Element have more than 15 years' experience and have worked with some of the world's most recognizable brands.

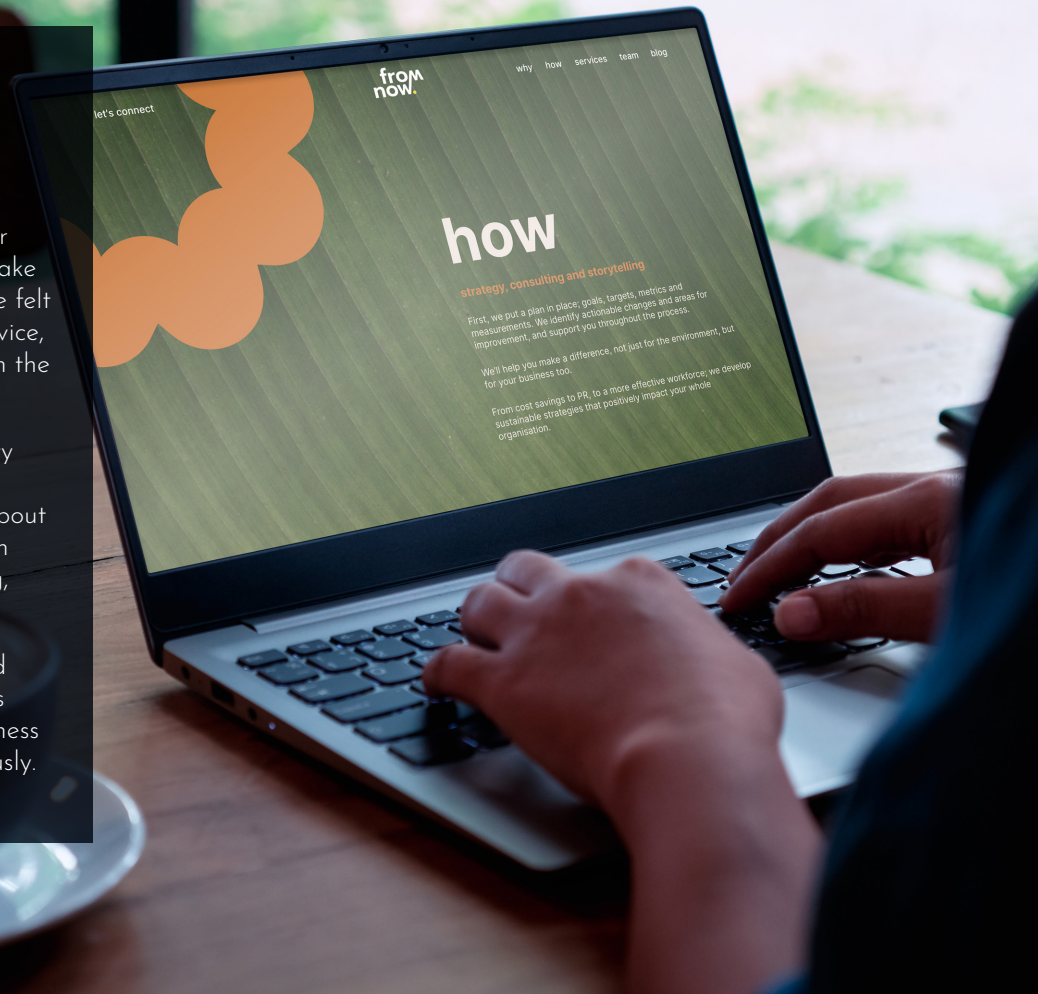

Set strong measures for sustainability

Although we do our best to reduce our own environmental impact and can make recommendations to our customers, we felt that if we were going to provide a service, it would make more sense to work with the experts.

From Now, the dedicated sustainability consultancy, provide our clients with everything from one off consultancy about how to improve the sustainability of an event, through to detailed goal setting, measurement and benchmarking.

Furthermore, they offer workshops and team training to cover all of the topics that will matter to you most as a business that wants to take sustainability seriously.

Setting the scene

We all know how important first impressions can be, and the same can be said for events.

All events we host at Glaziers Hall are very different; some require AV support, while others set their sights on breath-taking floristry.

GB Audio Visual have more than 20 years' experience within the audio visual equipment hire and production services sector. Based in London, the team manage all technical requirements of an event, seamlessly integrating the sound and visual needs of a function, whether live or virtual.

If event theming, unusual centre pieces and entertaining casino tables and games is more your style, Creating Events add the extras to captivate your guests and keep them amused.

Thinking outside of the vase

Having worked alongside Mary Portas and Kenneth Turner, the father of floral design, Elizabeth Marsh thinks outside of the vase. The unique approach taken by her team ensures that every installation is tailored to the client, the occasion, the environment and the budget.

An experience with food and drink

Whatever the occasion, we have a catering partner that will leave your mouth watering.

From healthy options during business breakfasts to tasty nibbles for networking; complementary canapes and cocktails for corporate guests, through to silver service dinner with traditional sweet cart for weddings.

We have a contact that can cater for it all.

Let's not forget the drinks... In addition to the extensive selection we have in the Glaziers Hall Livery wine cellar, we work alongside Create Cocktails to deliver innovative and experiential bar solutions.

Experts in drinks styling, the team bring enthusiasm, excitement and integrity to the table! What's more, they will create cocktails just for you, adding that extra fizz to your event.

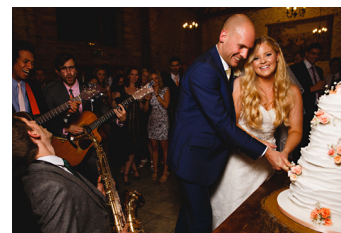

Let us entertain you

Finding the right entertainment to engage your guests can make or break an event. That's why we work with the experts, giving our clients more choice.

Sternberg Clarke provides the UK's best acts from the worlds of circus, music, magic, comedy and dance, as well as inspiring keynote speakers. Trusted by some of the largest brands in the country, they really know how to get a party started.

When it comes to personality, Peloton Agency has access to the biggest acts. Quite literally adding a song and dance to every event, the team are centre stage.

For those that prefer to add some history and heritage to the occasion, as the only Livery building on the Southbank of the river, we have our own resident Livery Masters. With expertise across a range of subjects, we can arrange a meet and greet with guests, followed by an entertaining talk and engaging Q&A session.

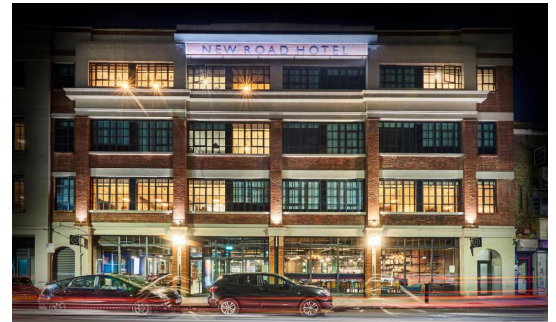

Discounts for our guests

In addition to the wonderful suppliers we rely on to deliver beautifully dressed, exciting and entertaining events, we also have partnerships with local hotels.

Hilton Tower Bridge, Holiday Inn Express Southwark and New Road Hotel in Whitechapel all provide discounts for our clients.

Whether you prefer a large chain or a small independent, we have an option for all styles and budgets. What's more, these hotels are all just a short distance from Glaziers Hall, so are a convenient choice for guests that prefer an overnight stay.

Glaziers Hall

Catering for parties of up to 450 guests, those visiting Glaziers Hall can expect the very best event experience.

Supported by a team of specialists, from start to finish we make sure that every function is perfectly managed and seamlessly delivered.
