

The background image shows a panoramic view of the London skyline from across the River Thames. On the left, the Shard skyscraper rises prominently. In the center, a bridge with multiple arches spans the river. To the right of the bridge is the Glaziers Hall building, which has a distinctive grid-like facade. Further right, a church with two tall spires is visible. The sky is filled with large, white clouds, and the water in the foreground is slightly rippled.

GLAZIERS HALL
CONFERENCE & EVENTS VENUE

Turning events into experiences

Seven superb event spaces

Whatever the occasion

A world away from soulless, stark or consistently corporate, Glaziers Hall is an eclectic mix of spaces that come seamlessly together to offer an event experience like no other.

The Great Hall, River View, Court Suite, Library, The Bridge, Thames Balcony and London Bridge Arches each have their own unique character and charm. In the same way, they are all wonderfully versatile and can be used for a range of corporate functions.

Whether it's a simple meeting room or an Awards ceremony with pre-drinks reception, three-course-meal and after-dinner entertainment, our team of events professionals provide the support you need every step of the way.

With a network of suppliers to meet with even the most demanding of briefs, we work with you to make your corporate function a success.

Gala dinners, birthday celebrations, family gatherings and weddings are all perfectly complemented by each of the spaces we have within our beautiful building.

In addition, conferences, AGMs and training sessions all benefit from a 1 gigabit fibre-optic internet link, along with 4G backup and WIFI mesh network to WIFI 6 standards. Providing connectivity for increasingly complex events that require online and in person attendance, more than 500 people can simultaneously access the system.

Making sure your event meets and exceeds expectations, our team of experts will recommend the catering and drinks, the table centre pieces and decorations, colour themes and lighting. Whatever support you need, our team will be on-hand to help.

A proud Livery Hall

Glaziers Hall is a Livery Hall. Originally built by Hays Wharf as a butter and bacon warehouse, when the trade on the Thames declined after the Second World War, the building fell into disuse.

Following much discussion, in 1974, a letter was written to the owners of the building to accept the offer of a 150 year lease. Contracts were signed in 1977, and to this day a bespoke piece of glass is commissioned and presented annually during a ceremony in recognition of the agreement.

The Hall is the only Livery building to be located on the South side of the River Thames. Although initially intended for use by the Worshipful Company of Glaziers and Painters of Glass, the Hall is supported by a shareholding of three Companies: The Worshipful Company of Glaziers and Painters of Glass, The Worshipful Company of Scientific Instrument Makers and The Worshipful Company of Launderers.

The crests of all three Livery Companies can be found throughout the Hall and are displayed prominently on the walls and chairs within the Court Room, which is still used for official business by the Liveries to this day.
